MSc Educational Psychology

DEVELOP THE PSYCHOLOGICAL SKILLS AND UNDERSTANDING OF HUMAN BEHAVIOUR TO HELP STUDENTS REACH THEIR POTENTIAL AND MAKE THE MOST OF THEIR LEARNING OPPORTUNITIES.

Overview

This programme equips educational professionals with a comprehensive understanding of the role of educational psychologists, and the core psychological concepts that underpin practice in the psychology of education. You will learn how to apply psychological evidence to improve classroom and educational practice.

This programme is ideal for ambitious professionals in a wide range of roles in education, including teachers, head teachers, school managers, and support staff. It is not however, accredited by the British Psychological Society (BPS) and further qualifications or training will be required to gain BPS membership.

Study mode:
Part-time online only

Duration:
24 months

More details:

[Click here to find out more and apply](#)

What will I learn?

Students of this programme develop knowledge in key subject areas associated with the work of educational psychologists, including child and adolescent development, behavioural disorders, resilience, and special needs and giftedness.

They also develop knowledge in the concepts, principles and theories in psychological research and practice and come away with the skills needed to:

- » Communicate effectively, drawing on, summarising and interpreting relevant information.
- » Analyse data and statistical interpretations in psychological research.
- » Work independently and manage their personal development.
- » Synthesise evidence to make judgements about how specific sources apply to specific problems or questions in an educational context.

What careers can this degree prepare me for?

An MSc Psychology can open doors to a variety of careers, working with students with behavioural or developmental conditions to assess their learning needs and help them overcome educational challenges. They primarily work in schools and other learning environments performing roles including, but not limited to:

- ✓ Educational Researcher
- ✓ Educational Psychologist
- ✓ Learning mentor
- ✓ Occupational Therapist
- ✓ Primary School Teacher
- ✓ Research Psychologist
- ✓ Secondary School Teacher
- ✓ School Psychologist
- ✓ University Counsellor

Please note: further qualifications or training may be required to practice as a counsellor or psychologist.

What topics will I cover?

Introduction to Educational Psychology

Additional Learning Needs and Giftedness

Child and Adolescent Development

Behaviour Disorders and Resilience

Topics in Health Psychology

Quantitative Research Methods

Assessments in Psychology

Forensic Psychology

Qualitative Research Methods

Research Proposal

Dissertation

About online study with NWMS...

ONLINE STUDY CAN HELP BREAK DOWN MANY OF THE BARRIERS PEOPLE EXPERIENCE WHEN SEEKING THE NEW SKILLS, KNOWLEDGE AND QUALIFICATIONS THEY NEED TO PROGRESS THEIR CAREERS, OPENING DOORS TO A GREATER RANGE OF STUDY OPTIONS.

- How does online study work?**
- ✓ Online students complete their studies in a digital classroom, or virtual learning environment. These spaces maximise flexibility, making it possible to access your course content and materials whenever and wherever it suits you around important life commitments such as work, family and friends.
- Do I need to attend campus at all?**
- ✓ No. All of your programme requirements are completed online.
- What learning platform will I use?**
- ✓ NWMS uses Canvas. It's a digital learning environment that promotes student-centred learning through a modern user-friendly platform.

- What are the technology requirements?**
- ✓ You will need regular, ongoing access to a working laptop or desktop PC, as well as a stable internet or WiFi connection. You will also need to know how to use Microsoft Office applications including Word and Powerpoint, and be able to save files to Wrexham's cloud server.
- How do the online and on-campus programmes vary?**
- ✓ These programmes are designed for online study. Video lectures outline concepts, theories and principles, while seminars and activity-based sessions use real-life examples to bridge theories with practice. Quizzes and discussion board participation also help to encourage your collaboration and learning.

- What support will I receive?**
- ✓ You will study independently with periodic academic support including guidance, feedback and suggestions, throughout your studies.
- How will I interact with other students?**
- ✓ Canvas provides all the tools you need to chat, exchange ideas and interact with your fellow learners.
- It's a great place to build a friendly community of learners with whom to share your learning journey.

- How many hours per week will I study?**
- ✓ Our online courses are designed for weekly module participation and you will need to stay engaged to keep up with tutor and student discussions. Each module is designed to need roughly 19 hours' study per week in each week for eight weeks. The dissertation and research projects however take place over 16 weeks.
- Are there any breaks? If so, when are they?**
- ✓ There are two teaching breaks built into each year of the programme – two weeks in the summer and two in the winter.

As an online student with Wrexham you can...

Learn in a purpose-built digital learning environment

Build a study timetable to suit your life around your work, family, friends and interests

Engage in a variety of learning methods (videos, lectures, discussion boards etc.)

Avoid lengthy travel to and from campus to complete your studies

Grow your professional network with online students from across the UK

Frequently Asked Questions

ALL YOUR KEY QUESTIONS ON FEES AND FUNDING,
STUDENT SUPPORT AND CAREERS ANSWERED.

Fees and funding

When are my fees due?

- ✓ You will need to pay for your first module before your programme's start date. The payment deadline will be provided on your enrolment invitation.

How are my fees paid?

- ✓ You can pay by credit or debit card via **eVision** as part of the enrolment process once you receive your enrolment invitation.

Can I pay in instalments?

- ✓ You can pay for your studies in full at the beginning of your programme, or by module as you go, breaking up the full programme fee over the course of your studies. You cannot however, pay your individual module fees in instalments.

Is Student Finance available?

- ✓ Students based in the UK may be eligible for a postgraduate loan. You can visit **gov.uk/masters-loan** for more information and to apply.

Am I eligible for an Alumni discount?

- ✓ Yes. If you have previously completed an undergraduate degree at 2:2 or above with Wrexham University you will be eligible for a 10% discount.

Student Support

What contact will I have with my tutors?

- ✓ You will be able to interact with your online tutors, and other students on Canvas – our online learning platform.

Is attendance monitored?

- ✓ No. These programmes are delivered as asynchronous learning. This means there are no live parts of the programme, so you can choose to study in your free time and at a time which suits you. The programme's student success coordinators and the programme team will, however, be able to monitor your engagement with the programme.

No engagement for a lengthy period will be considered a potential challenge to your success and relevant support may be required.

Is technology support available?

- ✓ Technology support is available to our students through the enrolment teams (new students) and Student Support Coordinators (existing students) who can help with most issues. Students can also be referred to IT for further assistance if required.

What support can students with additional support needs receive?

- ✓ You will receive extra support and can set up video sessions with the tutors to support your learning. You can view further information at **wrexham.ac.uk/student-support/inclusion/**

Careers and progression

Are these programmes accredited?

- ✓ No. Our degree programmes are not third-party accredited.

What are the career pathways for this programme?

- ✓ This programme presents a variety of possible career opportunities for those pursuing a career in psychology. For more information on the possible options see page 5.

Will this degree allow me to go onto PhD Study?

- ✓ While a Master's degree will help to open doors with employment as well as study, you'll need to check the specific entry requirements of the programme and institution you are interested in to find out if our programmes are acceptable for entry.
